## Introducing **FordSelect**. Finest used cars, competitive finance.

When you buy a car from the **FordSelect** programme, you know you're getting complete reassurance and reliability.

Every **FordSelect** car undergoes 101 separate AA approved tests. And it has to pass each and every one before it gets the AA's independent seal of approval.

To further reassure you, there's free access to motorcheck.ie. Here you can get all the past history you could possibly want about your **FordSelect** car, and independent confirmation that it's never been clocked, written off or used as a taxi.

The good news doesn't stop there. All **FordSelect** cars come with one year's AA Rescue Cover, one year's dealer warranty\* and are available via Ford Credit with a very competitive finance rate of 6.9% ARR fixed\*\*. Call into your participating Ford dealer today to arrange a test drive, or visit our website [www.fordselect.ie](http://www.fordselect.ie). We believe you'll find it really is a reassuring way of looking at used cars.

Warning: You will not own these goods until the final payment is made.
