

LEADING BANK

Our client is one of Ireland's most successful and rapidly growing full service Banks. This Bank has built an unparalleled reputation for providing innovative and competitive products and customer centric service to the Business and Personal Banking sectors.

Due to continued impressive growth, the following key position, based in their Dublin Head Office has now arisen:

HEAD OF FINANCE

The Role

Reporting to the CFO of the Bank, this key leadership role will involve:

- Managing the day to day operation of the Finance function to include all internal and external reporting requirements and leading a large team of Finance professionals.
- Supporting the Executive Committee of the Bank in the development and delivery of their strategic business objectives.
- Ensuring, as a senior member of the Bank's management team, that the Finance function delivers a value added service to internal customers and stakeholders in an efficient and cost effective manner.
- Enhancing financial discipline across the Bank through the setting and maintenance of financial controls, policies and procedures necessary to deliver financial information to the highest professional standards across all areas of the business.
- Developing strong business relationships with internal customers and colleagues within the international parent.
- Representing Finance on all major bank-wide Committees including Capital Management, ALCO, Credit Risk and Operational Risk.
- Overseeing a number of key strategic projects led by Finance.

The Requirements

- A first rate qualified Accountant with a minimum of ten years' post qualification experience gained at a senior level within a major bank or financial services organisation.
- A problem solver with a strong technical background and a detailed understanding of financial, management and regulatory requirements within a banking environment.
- Proven leadership skills demonstrated by an excellent track record of creating high performance Finance functions through people, processes and systems.
- Strong communication, influencing and negotiation skills combined with the motivation and commitment to thrive in an exciting and fast moving environment.
- Strong commercial acumen.

This opportunity represents an outstanding prospect to further develop a career with a leading Bank. The remuneration package offered will be commensurate with experience and will reflect the significance of the appointment.

We act as retained consultants for our client. All applications will be treated in strict confidence. The initial consultation will be with us; details will be released to our client only with the individual's consent.
